
Wrestling Outlook

Although the St. Lawrence wrestling team lost to Alfred, it should not be discouraged. Since this is the first attempt ever made at St. Lawrence to enter this type of intercollegiate competition, too much cannot be expected. With the training that it will receive the rest of this year and next year, the team of 1926 should be a big improvement over that of this year. A great deal of credit is due to the tireless efforts of Champ Clark, who has been coaching the team this year, and to Manager-Kirkpatrick for his willingness to be of service to the team.
